This year's results come in the wake of major changes to A-levels in England, with a move away from coursework and modular exams throughout the courses, a change many say makes the exams more difficult than ever.

### • Gresham's School

% of A\* to C grades - 78pc (79pc)

Headmaster Douglas Robb said: "Well done to all of our A-level pupils who received their results today. We are incredibly proud of this year's cohort and pupils have now finally reaped the rewards of years of hard work. I, along with colleagues across the school, would like to wish them every success in their future endeavours."
