Lucy-Rose was selected for the award from a field of four Ormiston Venture Academy pupils, with each one impressing the awarding panel with their skills, confidence and determination. I believe that this is going to open so many doors for me and enable me to achieve everything I want to do with my life. My family are really proud of me and thankful."

Simon Gilbert-Barnham, Ormiston Venture Academy's Principle, said: "We are extremely proud of everyone who has been in the process for this long-standing partnership with Gresham's. It has shown true character and showcased each individual's potential. Lucy-Rose is a deserved scholar, an inspiration and on a path to an exceptional future."

Douglas Robb, Headmaster at Gresham's, said: "Gresham's is delighted to welcome the seventh Ormiston scholar to study here. Lucy-Rose will be a great asset to our Sixth Form and we are looking forward to supporting her as she pursues her ambitions and enjoys some of the many opportunities that will be open to her to help her prepare for a rewarding personal and professional life."

Gresham's has previously awarded six scholarships to students at Ormiston Venture Academy who have gone on to study for a range of exciting careers at universities in the UK and overseas.
