Families of Gresham's Pre-Prep and Prep School children have enjoyed a picnic and maypole dancing to mark the Queen's 90th birthday.

As official celebrations got underway at Windsor Park on Friday, parents arrived at the school, in

Holt, to be greeted by children flag waving and singing.

Year 2 and 3 pupils delighted the crowd with dancing around a rather regal looking colourful maypole before inviting them to join in!

Kim Quick said: "The children have had a wonderful time celebrating the Queen's 90th birthday with lots of fun and games. The

celebrations have also given them the chance to reflect on how remarkable she is and what she has achieved during her record-breaking reign."

Undeterred by the unseasonably chilly weather, the children enjoyed ice cream before heading back inside for an assembly where every Prep School pupil was presented with a commemorative coin.
