

School's history is town resource

A family history day at Holt Library providing the opportunity for visitors to research their First World War military ancestors. Gresham's School was awarded £10,000 of Heritage Lottery funding to establish a commemorative war website.

As well as providing a resource for pupils, it also enables local people to use it for family history research.

Gresham's Archive is open by appointment on Monday, Tuesday and Wednesday mornings. Those with Great War ancestors who attended the school are encouraged to contact Liz Larby at llarby@greshams.com or 01263 714613.
